Each question has 3 or 2 options. Choose ONLY ONE option which you consider the most appropriate option. Read carefully before answering.

Marks: 10

In 2013, United Nations appreciated Odisha government for its preparedness in dealing with the very severe cyclone 'Phailin'. The UN has decided to highlight the government's efforts as a successful case study on disaster management. The state government aimed for 'zero casualty' and evacuated over 9 lakh people in high risk areas before the storm hit the state. The timely and accurate predictions of the meteorological department along with the swift action of the government saved hundreds of lives.

1. Suppose you work in the National Disaster Management Authority and the meteorological department has predicted a cyclone that could lead to a disaster, how would you think of handling this problem?
 - a] "We need to raise sufficient funds, or else the disaster will be unmanageable."
 - b] "Each one of us will have to put in tremendous efforts, come what may."
 - c] "To be able to deal with the disaster, we need help from all – the people themselves, the Army, disaster management experts, environmentalists, etc."
2. Jayesh is leading the team responsible for evacuating people from the coastal areas. He holds a meeting to discuss disaster management strategies. Which of his team members is thinking like a contributor?
 - a] Pankaj: "We need to think of ways to implement this plan without requiring more people."
 - b] Kamla: "His ideas are great but maybe I could also find out other strategies to add to the effort."
 - c] Karan: "I hope his ideas have been used before; for now is not the time to experiment with something new."
3. If such challenging plans don't succeed...
 - a] ...avoid undertaking similar challenging tasks in future.

- b] ...learn from this to deal with challenges in future.
4. What could be the reason for the government providing aid to citizens who are affected by a crisis?
- a] To support people dealing with the loss to rebuild their lives.
- b] To fulfill its duty of giving aid to citizens and compensate for the loss.

Section B
